

2023 Sauvignon Blanc

Our 2023 Sauvignon Blanc from Napa's Ryan's Vineyard presents an inviting bouquet of perfumed powder notes, entwined with the fragrances of dried apricot, juicy pineapple, guava, ripe honeydew melon, and sweet orange. Its super bright disposition uplifts the palate with a burst of energy, while a subtle dried herb in the finish adds depth and complexity. Delicate floral undertones dance gracefully alongside a refreshing wet nickel minerality, contributing to an overall sensation of freshness and vitality. This wine is truly lovely, offering a delightful sensory journey with every sip.

Harvested on September 11, 2023, this wine was barrel fermented in 70% Neutral French Oak 5% New French Oak and 25% Stainless Steel. Following fermentation, the wine stayed on its lees with regular lees stirring through the new year and was bottled in March of 2024.
